The present report was produced by the Economic and Social Commission for Western Asia (ESCWA) in partnership with Pathfinders for Peaceful, Just and Inclusive Societies, hosted by the Center on International Cooperation at New York University. The report builds on the collaboration on inequality between ESCWA and Pathfinders and follows the 2022 report “Inequality in the Arab region: A ticking time bomb”. The report was jointly prepared with Pathfinders and the World Food Programme (WFP) and was reviewed by representatives from Oxfam and the Food and Agriculture Organization (FAO).

The report benefited from an extensive consultative process with all partners, external reviewers and experts in the areas of inequality and food security. Valuable inputs were also received from a group of professional staff at ESCWA from various disciplines.
